

Sightings

OPENING NIGHT // Friday 16 Nov 6.30 - 9pm

EXHIBITION CONTINUES // 17 Nov - 16 Dec 2018

Open Thurs - Sun 11am - 5pm

Caraboo Projects' second exhibition *Sightings* brings together six artists who are exploring themes such as shamanism, divination, witchcraft and Victorian spiritualism. The imagery and subject matter that these artists collectively move between borrows from the mystical and the everyday.

Sightings will present painting, drawing and sculpture by **Laura Bygrave**, **Alex Crocker**, **Jacqui Hallum**, **Karolina Ptaszkowska**, **Ross Taylor** and a new site specific work by **Lucy Stein**. The pieces will sit alongside objects from the artists' personal possessions, thus creating a layering of works which through their placement and display will oscillate together to create a single voice.

There will be a programme of talks, events, performances and children's workshops; please see our website or follow us on social media for more details.

Curated by **Phil Root**.

Sightings is supported using public funding by Arts Council England.

Caraboo Projects is a non-profit contemporary visual-arts space co-founded in 2018 by a group of artists, educators, and other specialists in the creative sector. Our collective is dedicated to building an accessible art space in Bedminster that promotes experimentation and education across disciplines. Our contemporary art space and studio complex is housed in an old printing factory just off East Street in Bedminster. Through an exciting programme of free exhibitions, talks, screenings and workshops, we aim to support artists' professional development and create meaningful engagement and learning opportunities for all audiences.
